

CHUPPACHUP GREEN TRAIN SYSTEM USER MANUAL

PART 1: FOR PASSENGERS

The ChuppaChup Green Train system helps passengers search for train journeys, select seats, and make secure online payments quickly and conveniently.

1. Search for a Train Journey

Step 1: Access the system homepage.

Step 2: Enter the following information in the search form:

- FROM: Departure station (the system will automatically suggest station names as you type).
- TO: Destination station.
- WHEN & TIME: Select your preferred departure date and time.
- PASSENGERS: Select the number of passengers (maximum 10 passengers).

Step 3: Click the Search button to view available train services matching your criteria.

2. Seat Selection

Step 1: From the search results page, select the train service you wish to book.

Step 2: The Train Carriage Layout screen will be displayed. You may switch between carriages to view available seat types and corresponding prices:

- Soft Seat
- Hard Seat
- Sleeper Berth
- VIP Seat

Step 3: Click on the white seats (Available) to select them. White = Available, Gray = Already booked.

Step 4: Click Continue to Payment after selecting the required number of seats for all passengers.

3. Passenger Information & Payment (Checkout)

Step 1: Passenger Information

- Full Name (Required)
- National ID Card / Passport Number

Ticket Categories:

- Adult: Standard fare
- Student: 50% discount
- Child (under 12 years old): 50% discount
- Senior (60+ years old): 30% discount

Step 2: Apply Discounts (Voucher & Loyalty Points)

- Enter a valid voucher code and click Apply.
- Vouchers cannot be combined with Student, Child, or Senior discounts.
- Chuppa Points conversion rate: 10 points = 1 PLN.

Step 3: Select a Payment Method

- Credit Card
- PayPal
- BLIK

Step 4: Click Verify & Pay and complete OTP/password verification.

The system will temporarily reserve selected seats while processing payment.

Step 5: Successful Payment

- Booking Code displayed on screen.
- Receipt and booking confirmation sent to email.

4. Manage Profile & Upload Student Card

Step 1: Open My Account from the profile menu.

Step 2: Go to Cards / Discounts.

Step 3: Upload a student card image (JPG, PNG, WEBP; max 10 MB).

Step 4: Click Submit for Verification and wait for approval.

PART 2: FOR ADMINISTRATORS

The Admin Dashboard manages routes, schedules, pricing, bookings, users, and reporting.

1. Admin Login

Access /admin/login and sign in with an Admin or Staff account.

2. Manage Routes & Stations

- Update station information.
- Add new routes by selecting departure and destination stations.
- The system automatically calculates route distance.

3. Manage Schedules

- Navigate to Schedules.
- Configure Route, Train, Departure Time, and Arrival Time.
- Seat inventory is automatically generated based on train configuration.

4. Manage Pricing

- Use the Pricing module to manage ticket prices.
- Apply different fares for different seat types and schedules.

- Use Bulk Actions for mass updates.

5. Manage Bookings & Users

Bookings:

- Search by Booking Code or passenger name.
- View payment methods and loyalty point activity.

Verifications:

- Review uploaded student card images.
- Approve or reject verification requests.

6. Dashboard & Reports

The dashboard provides:

- Total revenue by day and month.
- Total tickets sold.
- Occupancy rates for upcoming train services.
